Slide 2

Slide 3

This section has a slide

Slide 2

Here is the binomium formula.

Slide 2

Here is the binomium formula.

$$(a+b)^n = \sum_{k=0}^{n} \binom{n}{k} a^{n-k} b^k \tag{1}$$

Slide 2

Here is the binomium formula.

$$(a+b)^n = \sum_{k=0}^{n} \binom{n}{k} a^{n-k} b^k \qquad (1)$$

We will prove formula (1) on the blackboard.
Click the title of this slide to switch to the black slide.

Slide 3

- This happens. . .
- when you change. . .
- the type of itemize.

- the type of itemize.

Slide 3

- This happens. . .
- when you change. . .
- the type of itemize.

A hidden wide section

Slide 4

- We only treat this material. . .

Slide 4

- We only treat this material...
  - if we have some time left.

Slide 4

- We only treat this material. . .
  - if we have some time left.
  - But don’t hesitate. . .

Slide 4

- We only treat this material. . .
  - if we have some time left.
  - But don't hesitate. . .
- to read it yourself.

Slide 5

This wide slide can contain more material as it is wider and does not have a table of contents.
